

Yatish Patil

Full Stack Developer | React JS | Express JS | Node JS | MongoDB

9112193321 • Vasai, Thane • patilya4321@gmail.com

Profile Summary:

Full stack Developer knowledge in JavaScript, React JS, Nodejs, and MongoDB, with a passion for creating responsive and dynamic web applications. Highly adaptable full stack developer with a strong foundation in web development technologies. Working on Full stack Development application. Strong foundation in programming and a passion for solving complex problems with my debugging skills.

Core Technical Skills

- HTML, CSS, JavaScript
- Bootstrap, JSON, jQuery
- Responsive Design
- Java script Frameworks (JS)
- Front End- ReactJS
- Back-end - Node JS, Express JS,
- Communication with Databases- MongoDB, MySQL

Full Stack Development Projects:

Project 1: Portfolio

Developed a personal portfolio website to showcase my web development skills and projects, using HTML, CSS, and JavaScript for a responsive and user-friendly design.

Tools: *Html, CSS, JavaScript.*

Project 2: Twitter Clone

Created a Twitter clone using HTML, CSS, and JavaScript, replicating core features such as user authentication, and feed display, demonstrating my ability to build interactive and responsive web applications.

Tools: *Html, CSS, JavaScript*

Project 3: Admin Dashboard

Created a user management system featuring admin authentication and CRUD operations for user accounts. The system includes: login page for authentication, signup page for new user registration and admin dashboard where the admin can create, update, and delete users.

Tools: *Html, CSS, JavaScript, NodeJS, ExpressJs, MongoDB.*

Experience:

FMS Engineer

Nov 2023 - Present

Gala Precision Engineering LTD | Vada, Maharashtra

- Performing daily backups of the SAP system and file server ensuring data integrity and reliability—skills applicable to database management and system optimization in web development.
- Managed user access by creating accounts, groups, and setting permissions, demonstrating proficiency in user authentication and access control.
- Setting up email accounts for users in Office 365 and enabling multi-factor authentication (MFA) to enhance account security.
- Taking email backups of user accounts when a user leaves the organization, ensuring data is securely archived.

- Installing operating systems such as Linux Ubuntu and Windows on desktops and laptops, ensuring proper configuration and driver installation.
- Setting up laptops by installing necessary applications, antivirus software, SAP, VPN, and configuring them to join the domain.

Functional Skills:

- | | |
|------------------------|--|
| - Problem-Solving | - Software Development Life Cycle |
| - Algorithmic Thinking | - Knowledge of SDLC methodologies (e.g., Agile, Waterfall) |
| - Code Debugging | - API Integration |
| - Version Control- GIT | |

Education

Bachelor of Engineering: Information Technology
Mumbai University

7.34 CGPA - 2024

Certifications

Certification in Full Stack Development – Pursuing :
Coursework:

Front End- HTML, CSS, JavaScript and React

Backend- NodeJS, ExpressJS, MongoDB, MySQL
